APPENDIX A

When the USPTO's decision of September 27, 2002 came down, neither the undersigned nor his firm had a power of attorney in the above-identified application and, therefore, neither was not sent a copy thereof by the USPTO.

Such decision, a copy of which is attached herewith behind Tab A, recognizes that a single U.S. patent application had erroneously been given two separate USPTO serial numbers, i.e., No. 09/117,406 and No. 09/525,579 --- which numbers were 408, 173 digits apart --- ; the firm of Eitan, Pearl, Latzer and Cohen-Zedek (hereinafter "Eitan, Pearl") had the power of attorney in the USPTO; and, an inventor assignment had been submitted to the USPTO for recordal on January 11, 2001. No reel or frame numbers for such assignment appear in such decision.

Sometime thereafter, the undersigned's firm received a copy of the September 27, 2002 USPTO decision through its Israeli associate from Eitan, Pearl as a courtesy, because Eitan, Pearl was aware that the subject application had been assigned to the Israeli associate's Israeli client and that its intention was to grant the undersigned's firm a fresh power of attorney and, simultaneously, to revoke that to Eitan, Pearl. However, Eitan, Pearl provided no further information whatsoever about the afore-mentioned inventor assignment.

Upon receipt of the courtesy copy of the September 27, 2002 USPTO decision, the undersigned promptly asked the Israeli associate to ask its Israeli client (and its German parent), as well as the Israeli home office of Eitan, Pearl, to provide the USPTO reel and frame numbers for the above-identified assignment, so that the undersigned could proceed with the submission for recordal of the fresh power of attorney from its client, together with the usual statement under 38 CFR § 3.73(b). No such information was forthcoming from any of them for a number of months; the Israeli associate confirmed in September, 2003 that this information would not be forthcoming from any of those asked; and, the undersigned thereafter authorized a professional search in the USPTO to determine the USPTO reel and frame numbers of the inventor assignment. What happened then is reported in the copy of the searcher's December 10, 2003 report attached hereto behind Tab B.

At no time prior to November 26, 2003, was the undersigned's firm, or he personally, informed about, or shown or given a copy of, either the October 29, 2002 USPTO notice of missing parts or the October 23, 2003 USPTO notice of abandonment of the subject application. These documents, copies of which are attached came to him from his searcher only on December 2, 2003, and confirm they were addressed solely to Eitan, Pearl.

In other words, at no time after the September 27, 2002 USPTO decision withdrawing the earlier notice of abandonment did the USPTO or Eitan, Pearl provide the undersigned's firm with any additional information about the inventor assignment or any information at all about the later notices of missing parts and abandonment.

It is clear from the foregoing, therefore, that any and all delay in timely responding to any of the September 27, 2002, October 29, 2002 or October 23, 2003 USPTO requirements was entirely unavoidable by applicants, their current assignee, or their current representatives and, rather, was the result of apparent failures of Eitan, Pearl to communicate timely and thoroughly with the Israeli associate of the undersigned and/or his firm or their client before its power of attorney was revoked by the November 26, 2003 USPTO acceptance of the power granted to the Darby firm about the progressively more urgent status of the subject application. In other words, it appears that Eitan, Pearl did nothing to warn anyone about, or to facilitate the filing of the new power of attorney that would enable timely responses to, the outstanding requirements of the USPTO.

Accordingly, withdrawal of the October 23, 2003 USPTO notice of abandonment and reinstatement to normal prosecution of the subject application are respectfully requested.

The undersigned declares that all statements made herein of his own knowledge are true, and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements were made with the knowledge that willful false statements and the like so made are punishable by the fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and such willful false statement may jeopardize the validity of the subject patent.

DECISION GRANTING PETITIONS

RECEIVED

FEB 24 2004

OFFICE OF PETITIONS

This is a decision on the letter dated March 3, 2000, which is being treated as a petition requesting that above-identified application be accorded a filing date of July 24, 1998. This is also a decision on the letter filed December 5, 2001, and supplemented on January 10, 2002, which is being treated as a petition to withdraw the holding of abandonment of the above-identified application.

The petition to accord the application a filing date of July 24, 1998 is granted.

The petition to withdraw the holding of abandonment is granted.

No petition fee has been paid and none is required.

The petition to accord the application a filing date was accompanied by, inter alia, copies of a transmittal letter (2 pages), a preliminary amendment (2 pages), a specification including claims and abstract (32 pages), and 7 sheets of drawings, and a postcard receipt acknowledging receipt in the USPTO on July 24, 1998 of these same items. In view of applicants' postcard receipt, it is concluded that complete applications papers were filed on July 24, 1998 and later misplaced in the Office. Accordingly, the application is entitled to a filing date of July 24, 1998.

As evidenced by applicants' postcard receipt, this application was initially assigned application No. 09/117,406. However, the official application number assigned to this application is application No. 09/525,579 since that is the number on the filing receipt. See MPEP 503.

The priority papers filed November 23, 1998, the "Power of Attorney and Revocation of Prior Powers by Assignee" filed March 22, 2000, and the "Change of Correspondence Address" filed December 27, 2001, which were addressed to application No. 09/117,406, have been removed from application No. 09/117,406 and placed in application No. 09/525,579. The other identifying information, such as first named inventor, title of invention, and attorney docket number on these papers clearly indicate that the papers were intended for application No. 09/525,579. Applicants are advised that all further correspondence for this application should be directed to application No. 09/525,579.

On April 19, 2000, a Notice to File Missing Parts was mailed requiring the statutory basic filing fee of \$790, excess claim fee fees of \$82 for one independent claim in excess of three, an executed oath or declaration, and the \$130 surcharge for the late filing of the oath or declaration and filing fee. The Notice set a two month period for reply with extensions of time under 37 CFR 1.136(a) being available. The Notice was mailed to Darby & Darby at the address contained on the transmittal letter.

On January 11, 2001, a "Declaration and Power of Attorney for Patent Application" signed by the inventors, a "Power of Attorney and Revocation of Prior Powers by Assignee", and an assignment document were filed.

On October 25, 2001, a Notice of Abandonment was mailed to Eitan, Pearl, Latzer & Cohen-Zedek at the address contained in the Declaration and the Power of Attorney filed January 11, 2001. The Notice of Abandonment indicated that the reply received on January 11, 2001 was untimely.

On December 5, 2001, a letter was submitted by facsimile. In the letter, applicants state that the Notice to File Missing Parts was never received and that the Notice of Abandonment was believed to be in error. The letter was accompanied by a copy of the Power of Attorney filed January 11, 2001, a copy of applicants' stamped postcard receipt, and a copy of the Notice of Abandonment.

On January 10, 2002, a second letter regarding the Notice of Abandonment was submitted by facsimile.

The Notice to File Missing Parts should have been mailed to Eitan, Pearl, Latzer & Cohen-Zedek in view of the "Power of Attorney and Revocation of Prior Powers by Assignee" filed March 22, 2000.

Accordingly, the application is not abandoned in fact because applicants did not receive the Notice to File Missing Parts. The Notice of Abandonment is hereby vacated and the holding of abandonment withdrawn.

The "Change of Correspondence Address" filed December 27, 2001 has not been entered since it was signed by John L. Welsh, who is not an attorney of record. The attorneys of record are the attorneys named in the "Power of Attorney and Revocation of Prior Powers by Assignee" filed January 11, 2001.

The assignment document filed January 11, 2001 has been forwarded to Assignment Branch.

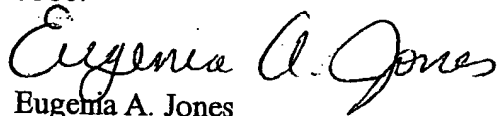

As noted above, a declaration was filed on January 11, 2001. The filing fees and the surcharge, however, have not yet been paid.

Applicants are given **TWO MONTHS** from the mail date of this decision to submit the following **required fees**: \$790 basic filing fee, \$82 for one independent claim in excess of three independent claims, and \$130 surcharge for the late submission of the filing fee and/or declaration for a total balance due of \$1002. Extensions of time under 37 CFR 1.136 are available. Failure to timely file the required fees will result in **abandonment** of the application. The response should be directed to Initial Patent Examination Division.

The application has already been processed with a July 24, 1998 filing date using the copy of the application papers supplied with the petition to accord the application a filing date.

The application is being forwarded to Initial Patent Examination Division to await the fees required above.

Telephone inquiries specific to this matter should be directed to the undersigned at (703) 306-5586.

Re: U.S. Serial Number 09/525,579
Ref: 5/P-844-US

Dear Mr. Zielinski:

Your letter dated October 14, 2003 asked that I contact a representative from Landon & Stark regarding the original assignment filed by them. This was unsuccessful most likely because we are a business in direct competition with them so they were very hesitant to cooperate. You then sent a letter with attachments on October 23, 2003 asking me to speak to Ms. Eugenia Jones regarding the case. I was finally able to track her down after about a week and she was familiar with the case and seemed confused by why the fees were not paid as instructed on the decision. I then proceeded to explain the problem we were having obtaining the first assignment reel and frame number so we may file the second assignment thus making it possible to make Darby & Darby the attorney of record. Since I did not have a power to inspect that was legal she nor any other representative in the USPTO would give me the reel and frame that I was seeking.

After a week of back and forth phone calls with you I did some research and after narrowing the date the original assignment was recorded. I searched the reels one by one, frame by frame, until I found the recorded assignment we needed to submit the second assignment and submit the new power of attorney. On November 6, 2003, I called and notified you that I had found the missing reel and frame number and you were going to send me the new assignment to be filed at an "at cost" basis. Which is the fastest way to have an assignment filed. That was filed the very next day. We received that back completed from the assignment branch the following week.

I had to reorder the file from the Warehouse on the week of November 17 to send it to the director of group 2800 to have the Revocation and New Power of Attorney entered into the case. I hand carried the Revocation and new Power of Attorney to the group on November 25, 2003 and the papers were entered and approved and the notice of acceptance was mailed out on November 26, 2003.

The case was inadvertently sent to the warehouse by a USPTO contractor, which stalled my efforts for about a week. After finally receiving the file and reviewing the contents I went to Ms. Eugenia Jones on December 9, 2003 regarding the abandonment. She said since the fees were not paid that a petition to revive had to be filed in order for the case to be pending again. I explained to her our problems with the assignment and filing the new power of attorney in hopes to bypass filing the petition to revive. But she said we still needed to file a petition and it wasn't the PTO's problem we were unable to get the reel and frame in time to stop the abandonment.

Very truly yours,
